Who We Are:

Kuai Sourcing is a dedicated sourcing company that specializes in helping businesses find high-quality products at factory prices. Unlike traditional resellers, we do not buy and resell products. Instead, we connect our clients directly with factories, ensuring they receive the best quality products at the most competitive prices.

02

Our Services:

We offer a comprehensive range of services designed to simplify the sourcing process for our clients. Below is an overview of the core services we provide:

Product Sourcing

We find the finest products for our clients based on their requirements. Our extensive network of factories and suppliers across China allows us to source a wide range of products at the best possible prices.

Negotiation

We handle all negotiations with suppliers to secure the best terms and prices for our clients. Our team is experienced in navigating the complexities of dealing with manufacturers and suppliers, ensuring that our clients get the most favorable deals.

Packaging and Shipping Coordination

We coordinate packaging according to our clients' specifications and arrange for the products to be sent to the client's desired location.

- **If the client has a preferred shipping company:** We can send the goods directly to them.
- **If the client does not have a preferred shipping company:** We can provide recommendations for reliable shipping agents or companies. Please note that these recommendations are a courtesy, and we do not provide shipping services ourselves.

Our Fees:

At **Kuai Sourcing**, we believe in transparency and justness. We do not mark up product costs or domestic shipping fees. The prices we quote for products and domestic shipping within China are the exact prices quoted by the manufacturers and shipping companies. We earn our revenue through a straightforward service fee, which is clearly outlined to our clients before payment is made.

Service Fees
● Orders with less than 100 units: \$19
● Orders between 101 and 500 units: \$29
● Orders between 501 and 1,000 units: \$33
● Orders of more than 1,000 units: 7% of the total cost

04

Payment Options:

Payments can be made in **USD**, **EUR**, **MAD**, or **RMB**, depending on the client's preference. Given that we purchase goods in RMB, our exchange rates are flexible and adjusted according to the current market conditions to ensure fairness and transparency.

05

Data Privacy and Security:

We understand that **Data Security** is a major concern for e-commerce sellers, who represent the majority of our clientele. At Kuai Sourcing, we take data privacy seriously. Our clients' data is stored securely and is only accessible to a single department within our company. All employees handling sensitive information have signed strict **Non-Disclosure Agreements (NDAs)**. Any breach of these NDAs will result in serious consequences, in accordance with the law of the People's Republic of China.
